

Plumbers & Drainers Licensing Board Policy

Policy Number: PL 008

Subject: ISSUE OF EQUIVALENT LICENCE

Effective Date: 5 February 2008

Revised on: 8 June 2011

When the Plumbers & Drainers Licensing Board receives an application under Mutual Recognition, the Board must grant the applicant the NT equivalent of the licence/registration currently possessed interstate.

If an applicant possesses only the equivalent of a Journeyman registration (ie their licence has expired), provided that the interstate licensing Board confirms that he/she is eligible for a licence, the Board will issue that person with the NT equivalent of the licence for which he/she is eligible.
